

Hello,

The Bicycle Tour of Colorado would like to cordially invite the members of Richmond Area Bicycling Association to join us in June of 2013 for a road cycling tour through the Colorado Rockies!

We have a special promotion we would like to offer the members of Richmond Area Bicycling Association. Please print out this email and attach it to your mail in registration and receive \$25 off!

We also offer another discount. This is a group offer for 5 cyclists to register under a group name of your choice and 6th can go free! All the registrations must be mailed in together. Only one discount may be used.

We have attached the BTC's printable brochure to this email in a PDF. This year's route is especially scenic, beginning and ending in Canon City, with a day off in Crested Butte. Week long cycling events are great ways to forge strong cycling groups. Obtain group recognition by wearing your team's jersey, T-shirts, helmets or whatever else you like during the week! We encourage team spirit!

If you would like a representative of Bicycle Tour of Colorado to meet with your cycling club and give a presentation with more information please contact me directly, I will be more than happy to arrange a meeting. The BTC would also gladly mail some brochures upon request. We would love to have your group participate in the adventure this year!
