Important Notes:

1. The roads in the Central Virginia are not designed for cycling. Among other concerns, many of the roads have little to no shoulder, high speed limits, and blind turns. The fact that a road is included on this cue sheet does not mean that the road is considered safe for cycling. Always exercise extreme care when cycling on central Virginia roads.

2. Do not look at this cue sheet or map while riding. It is not safe to take you eyes off the road, even for a second. Always come to a complete stop first.
