Important Notes:

1. The roads in the Central Virginia are not designed for cycling. Among other concerns, many of the roads have little to no shoulder, high speed limits, and blind turns. The fact that a road is included on this cue sheet does not mean that the road is considered safe for cycling. Always exercise extreme care when cycling on central Virginia roads.
2. Do not look at this cue sheet or map while riding. It is not safe to take your eyes off the road, even for a second. Always come to a complete stop first.

Wine Tasting Ride 43

Wine Tasting Ride 43

Route Description

This route is an out and back from the New Kent Winery on mostly county roads with light traffic. However, there is a stretch on Route 60 and several stretches on New Kent Highway (Route 249). So, be extra careful! One highlight of this route is the area around Diascund Creek Reservoir, which is quiet scenic.

The Winery is cyclist friendly with very nice restroom facilities. However, they have a strict “no cleats” policy. Please change, or at least take off, your riding shoes before entering the Winery building.
